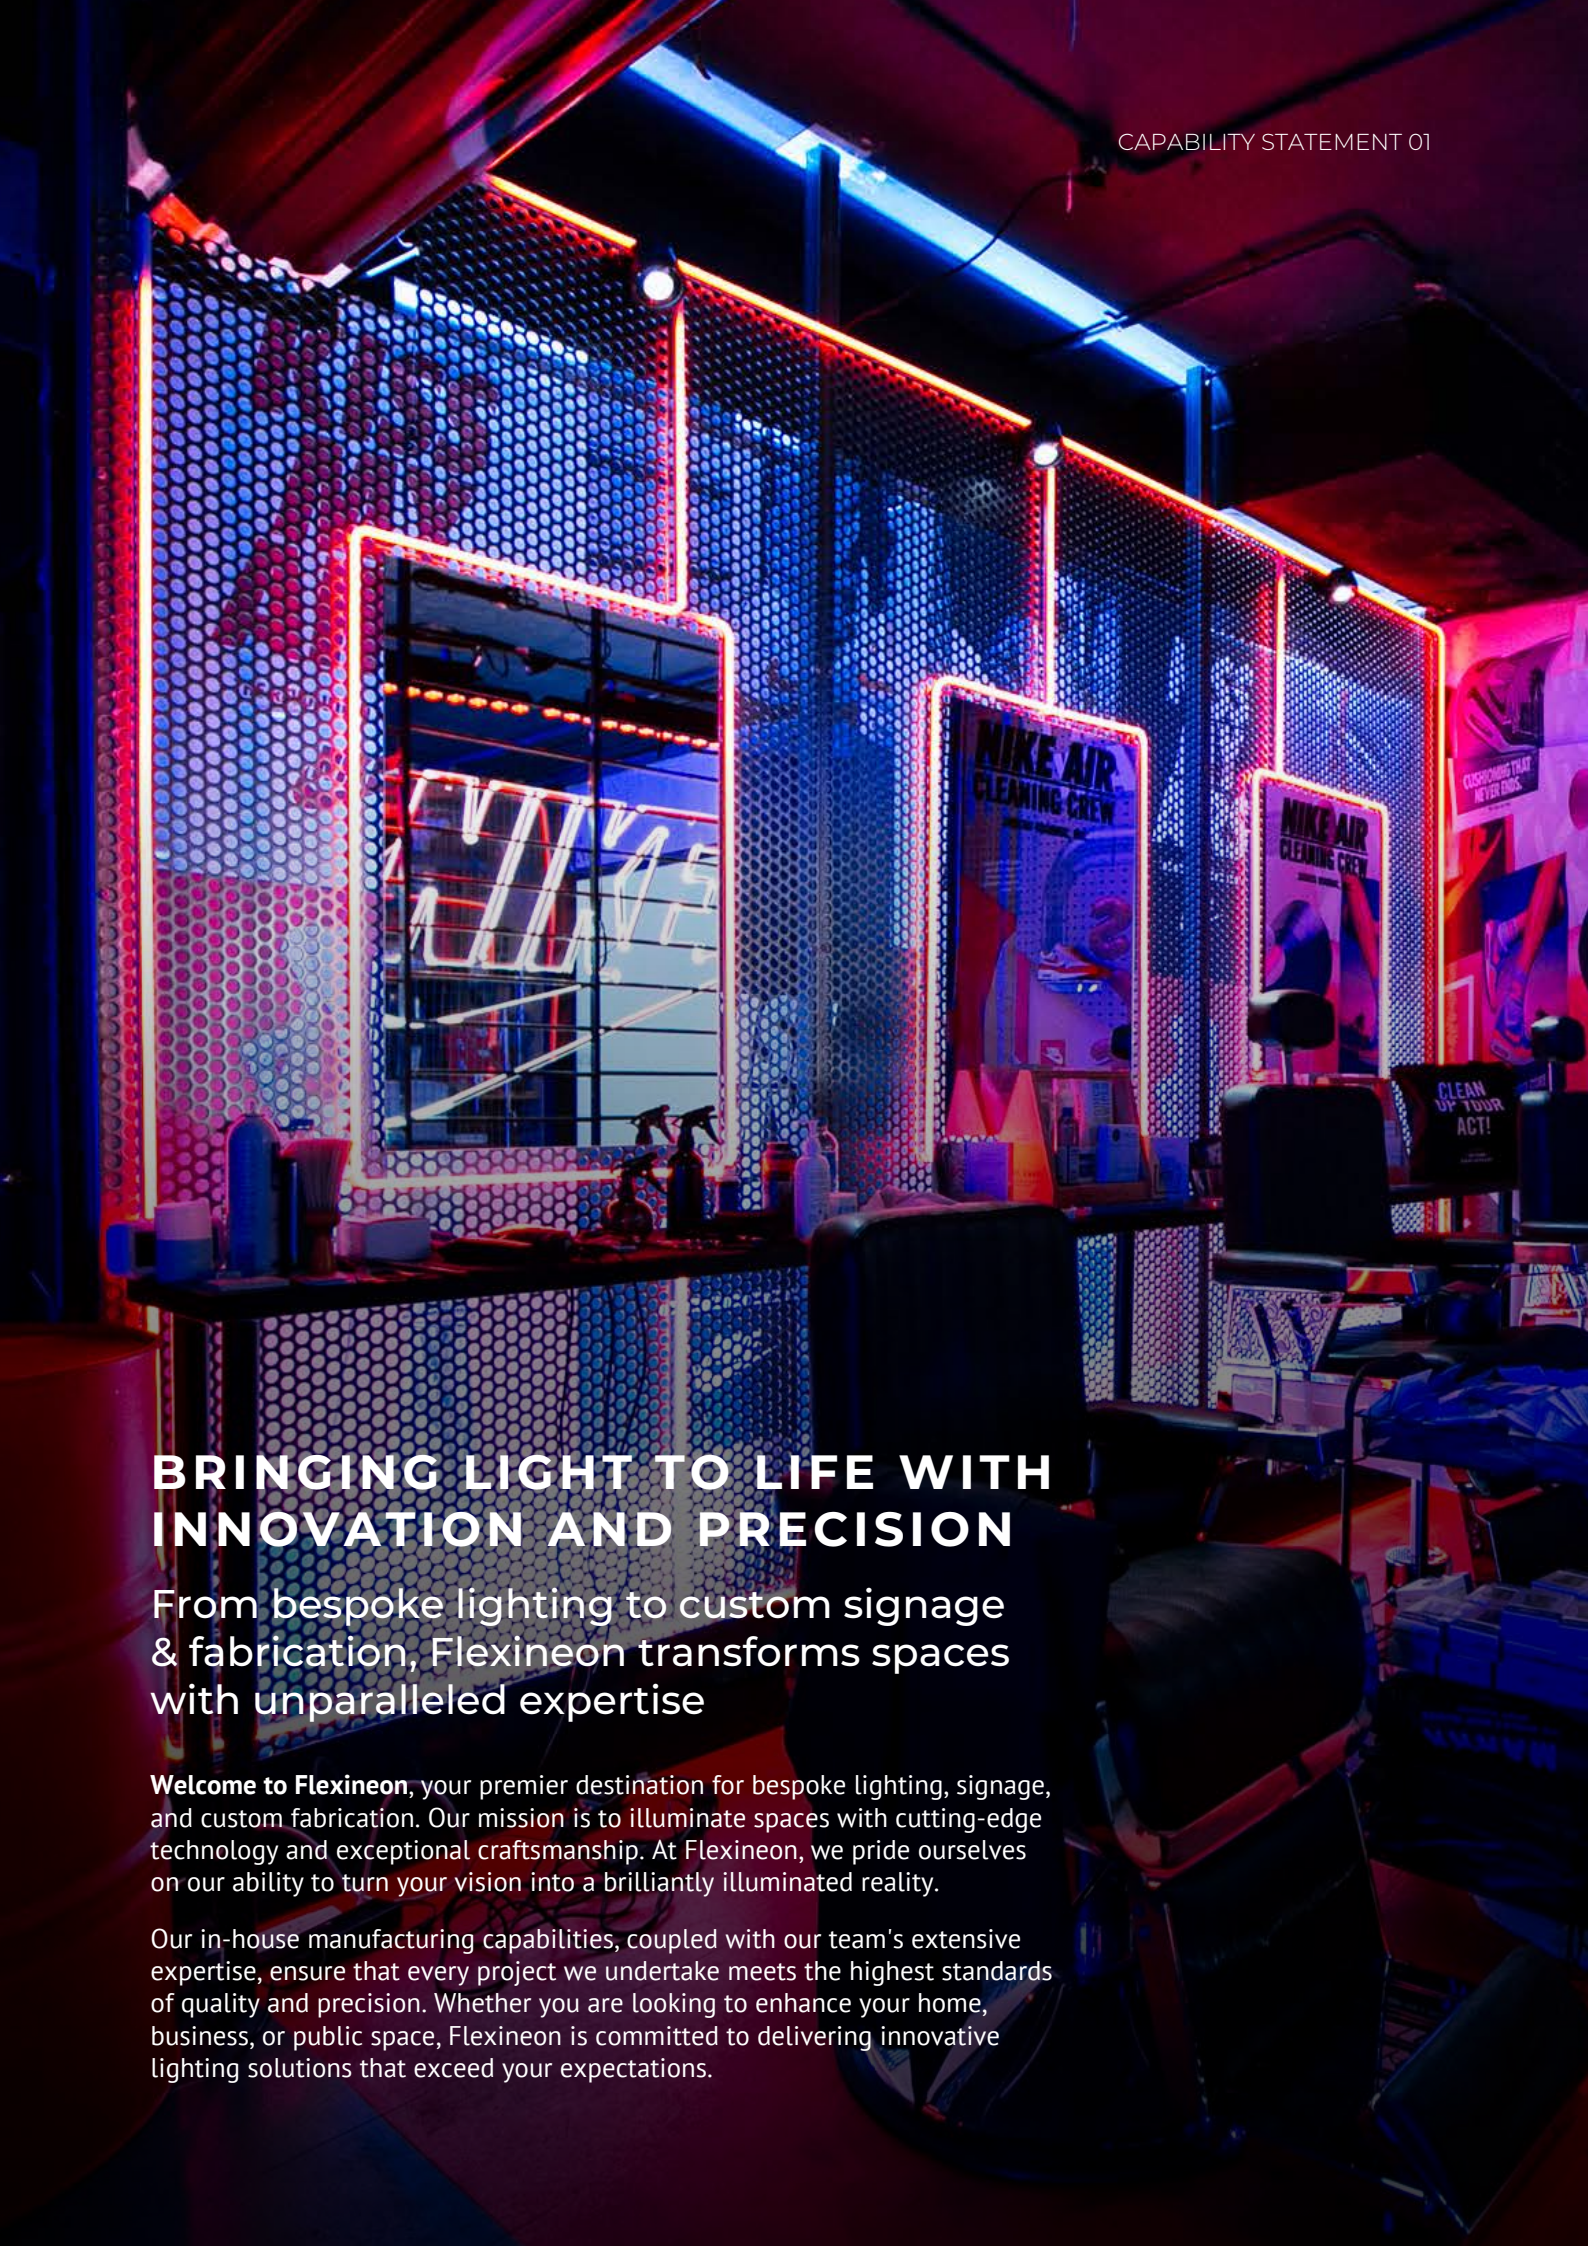
FLEXINEON®

CAPABILITY STATEMENT

WHERE INNOVATION MEETS ILLUMINATION

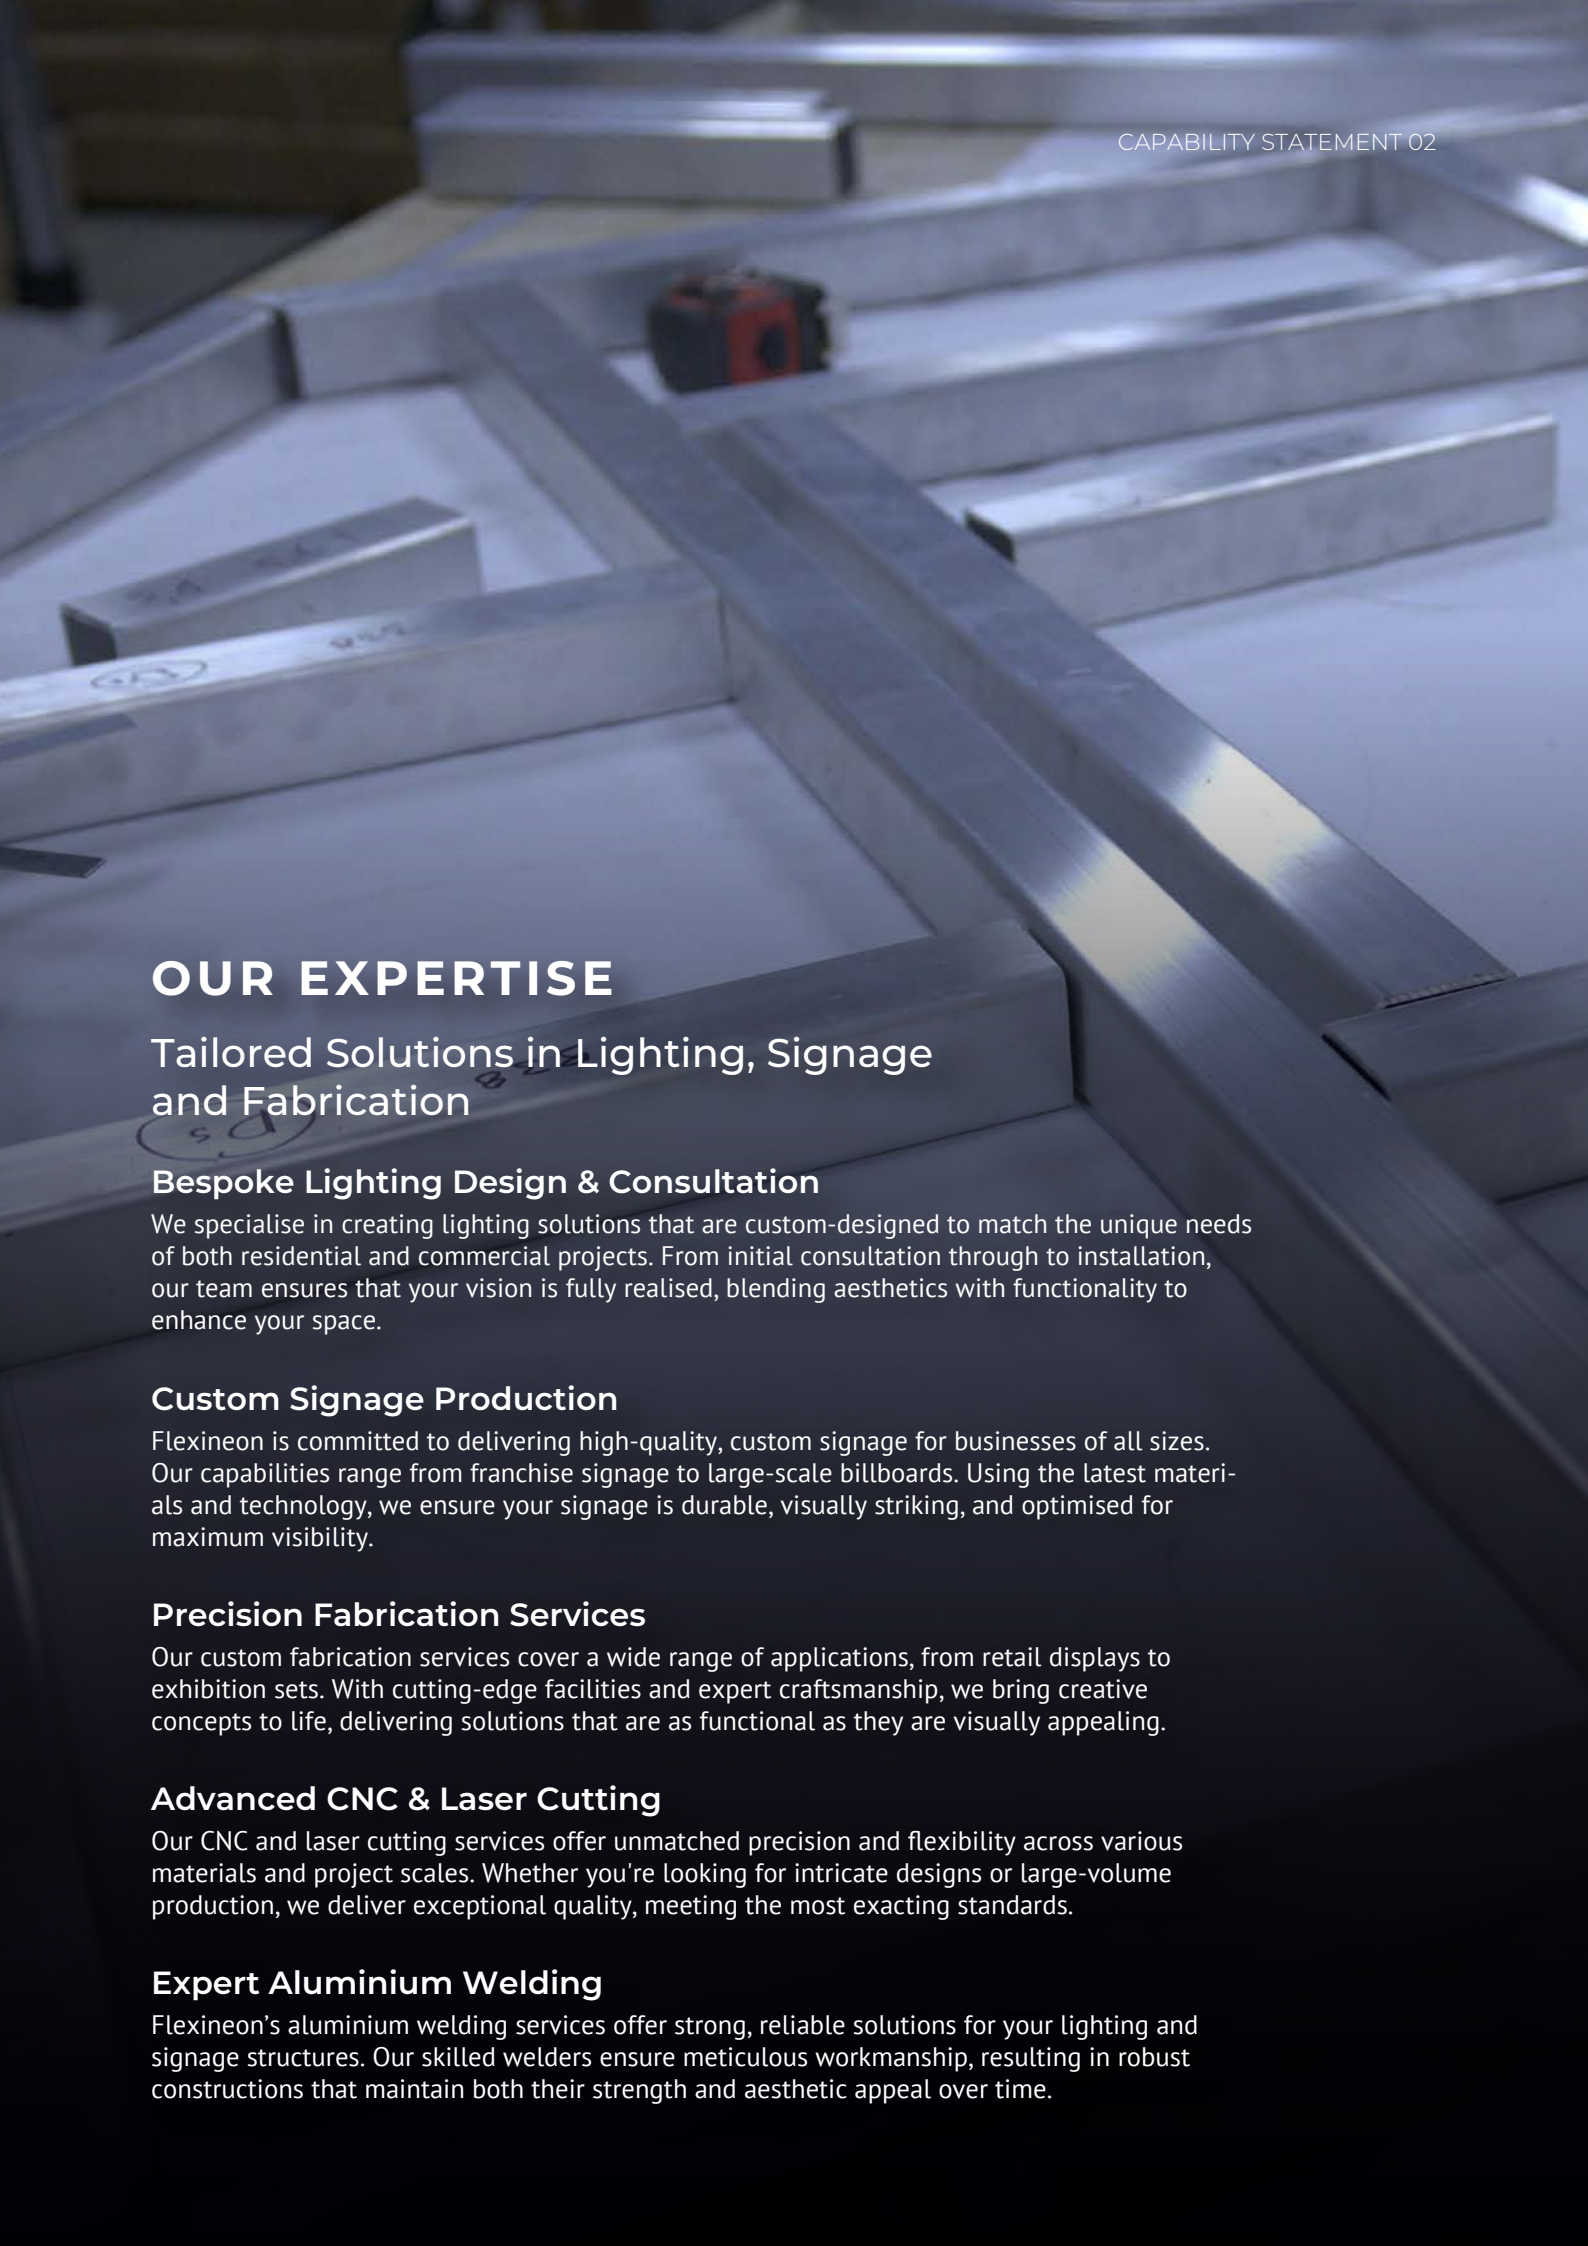


BRINGING LIGHT TO LIFE WITH INNOVATION AND PRECISION

From bespoke lighting to custom signage & fabrication, Flexineon transforms spaces with unparalleled expertise

Welcome to Flexineon, your premier destination for bespoke lighting, signage, and custom fabrication. Our mission is to illuminate spaces with cutting-edge technology and exceptional craftsmanship. At Flexineon, we pride ourselves on our ability to turn your vision into a brilliantly illuminated reality.

Our in-house manufacturing capabilities, coupled with our team's extensive expertise, ensure that every project we undertake meets the highest standards of quality and precision. Whether you are looking to enhance your home, business, or public space, Flexineon is committed to delivering innovative lighting solutions that exceed your expectations.



OUR EXPERTISE

Tailored Solutions in Lighting, Signage and Fabrication

Bespoke Lighting Design & Consultation

We specialise in creating lighting solutions that are custom-designed to match the unique needs of both residential and commercial projects. From initial consultation through to installation, our team ensures that your vision is fully realised, blending aesthetics with functionality to enhance your space.

Custom Signage Production

Flexineon is committed to delivering high-quality, custom signage for businesses of all sizes. Our capabilities range from franchise signage to large-scale billboards. Using the latest materials and technology, we ensure your signage is durable, visually striking, and optimised for maximum visibility.

Precision Fabrication Services

Our custom fabrication services cover a wide range of applications, from retail displays to exhibition sets. With cutting-edge facilities and expert craftsmanship, we bring creative concepts to life, delivering solutions that are as functional as they are visually appealing.

Advanced CNC & Laser Cutting

Our CNC and laser cutting services offer unmatched precision and flexibility across various materials and project scales. Whether you're looking for intricate designs or large-volume production, we deliver exceptional quality, meeting the most exacting standards.

Expert Aluminium Welding

Flexineon's aluminium welding services offer strong, reliable solutions for your lighting and signage structures. Our skilled welders ensure meticulous workmanship, resulting in robust constructions that maintain both their strength and aesthetic appeal over time.

HIGH-QUALITY LED AND NEON LIGHTING PRODUCTS

Explore Flexineon's range of innovative lighting products designed to brighten your world.

Neonflex
Our Neonflex lighting offers unmatched flexibility and quality, perfect for custom designs and vibrant displays. Suitable for both indoor and outdoor applications, Neonflex is ideal for creating eye-catching and durable lighting installations.

Strip Lights
Versatile and efficient, our strip lights provide seamless illumination for various applications. These lights can be integrated into the design of your home, office, retail fit-out, or commercial premises, offering both functionality and aesthetic appeal.

Linear Profile
Ideal for architectural lighting, our linear profiles deliver consistent and elegant illumination. When paired with our strip lights, these profiles can be integrated into almost any fit-out and custom joinery, providing a sleek and modern lighting solution.

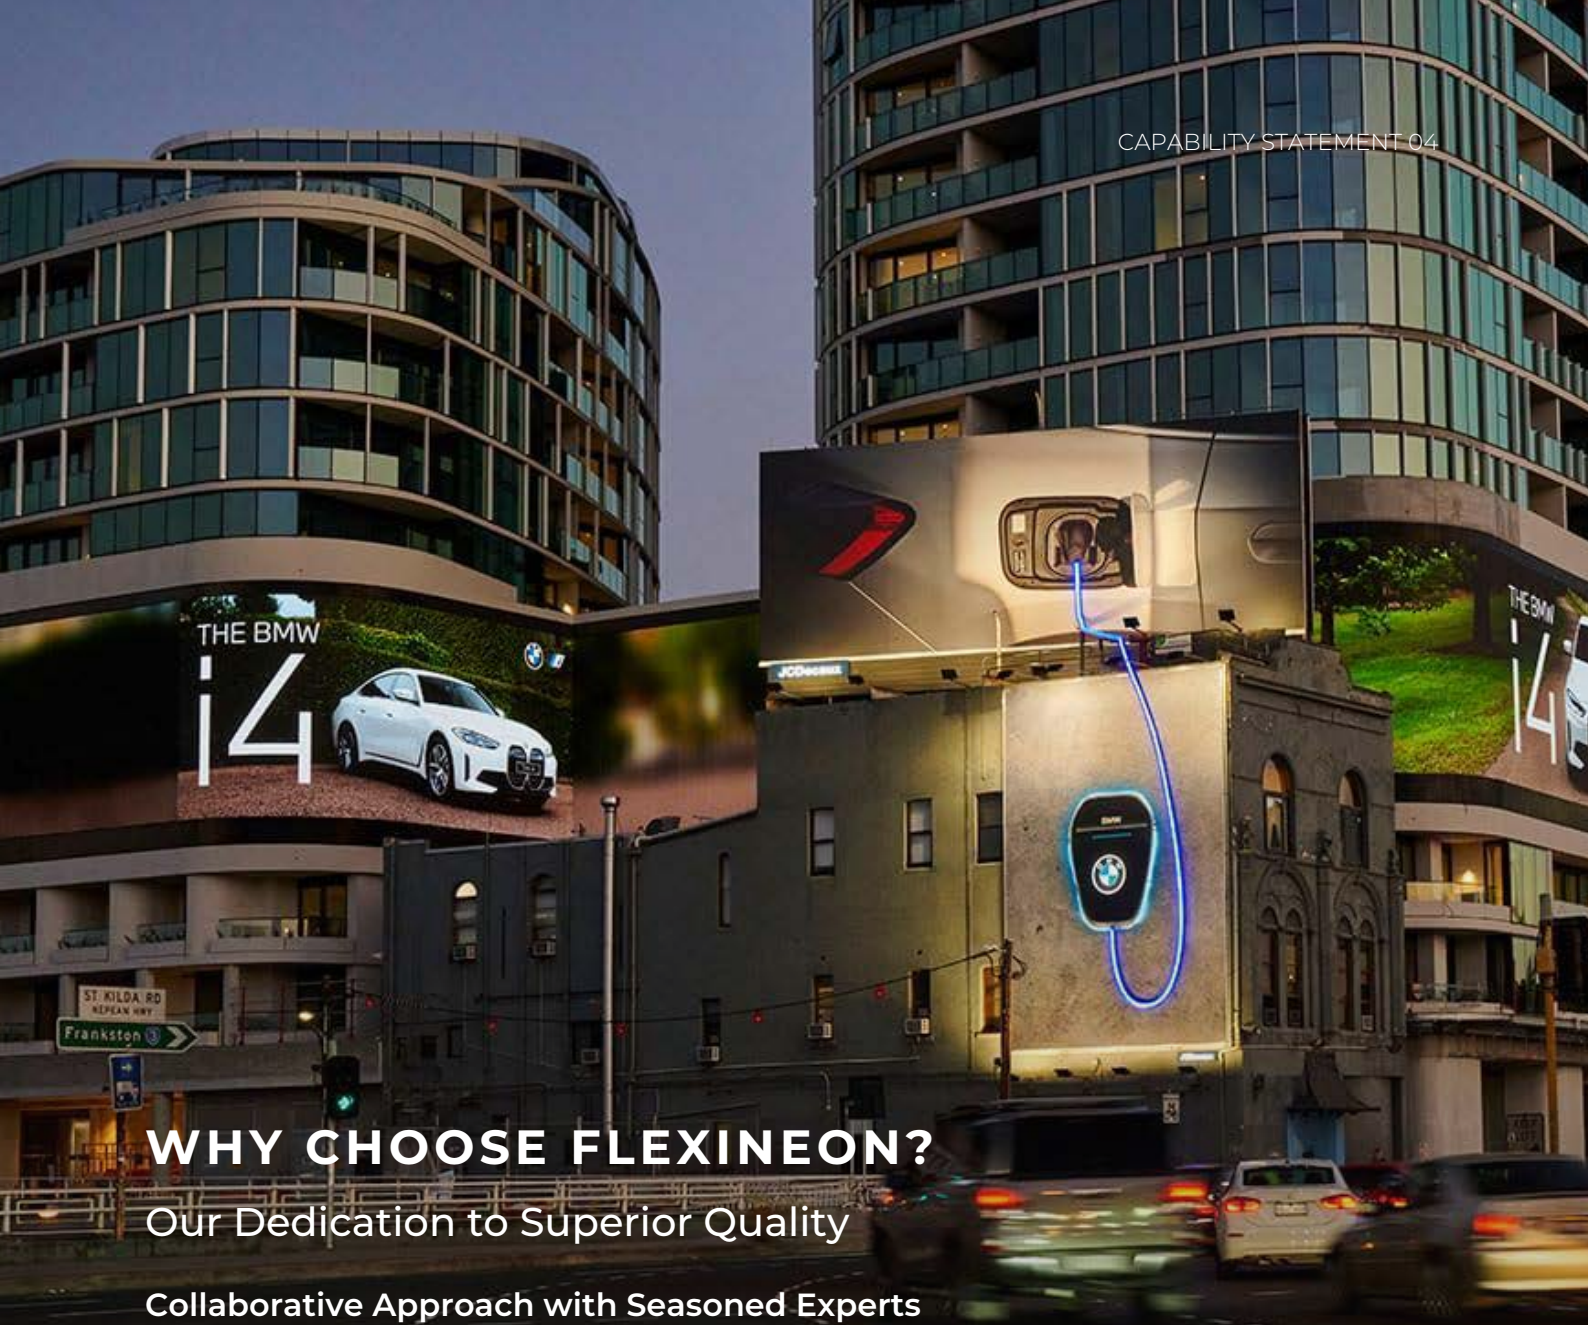
Cliplight
Compact and powerful, clip lights offer convenient lighting solutions for tight spaces. They are the number one product for all things tree lighting and outdoor ambience, adding a touch of brilliance to any setting.

Modules
High-performance modules designed for signage and display lighting. These modules ensure bright and consistent illumination, making your signs and displays stand out.

Festoon
Create a festive atmosphere with our durable and stylish festoon lighting. Perfect for events and outdoor settings, festoon lights add a warm and inviting glow to any occasion.

Control & Dim
Advanced control and dimming solutions for precise lighting management. Our products are compatible with standalone control and automation systems such as DALI, KNX, Control 4, DMX, Dynalite, and more, providing flexible and efficient lighting control.

Power Supplies
Reliable and efficient power supplies to support all your lighting needs. Our power supplies offer the highest quality and unmatched reliability for any application, ensuring your lighting systems operate smoothly and effectively.



WHY CHOOSE FLEXINEON?

Our Dedication to Superior Quality

Collaborative Approach with Seasoned Experts

At Flexineon, collaboration is key. We partner closely with our clients, ensuring that each solution is meticulously crafted to meet their specific needs and align with their vision.

In-House Production with Cutting-Edge Machinery:

With full control over our production process, we leverage advanced machinery and technology to deliver superior quality in every product we create. This in-house capability ensures precision and consistency across all projects.

End-to-End Project Involvement

From the initial concept through to installation and maintenance, our team is involved in every step of the process. This hands-on approach ensures that each project is completed on time, within budget, and to the highest possible standard.

Innovative LED Lighting Solutions

We are experts in LED lighting applications, turning client concepts into reality with energy-efficient, innovative solutions that are both functional and aesthetically pleasing.

Comprehensive Stock Management

Our in-house warehouse facilities allow us to stock and manage a wide range of products, ensuring that we can meet project deadlines with quick turnaround times and guaranteed availability.

HEAR FROM OUR SATISFIED CLIENTS

Transforming Spaces with Innovation

"The team at Flexineon provided exceptional service and delivered a stunning lighting installation for our new office. Their expertise and creativity made all the difference."

"Flexineon transformed our retail space with their innovative lighting solutions. Their attention to detail and commitment to quality were evident in every aspect of the project. We highly recommend their services."

There is nothing too tough for these guys to tackle! Eli and Tony have a wealth of knowledge regarding anything LED and are happy to help in any way possible.I've been dealing with Flexineon for years and won't even consider going anywhere else.
You have a loyal customer for life guys!"

"Eli and Tony, are dedicated professionals who have the best products and great prices. They were able to help me with a difficult project and deliver it on time and within budget. I will definitely be working with them again in the future."

FLEXINEON PROJECTS: ILLUMINATING THE FUTURE

Showcasing Our Most Ambitious and Transformative Projects

LUXURY RESIDENTIAL LIGHTING

CRONULLA

At the heart of every luxurious home is lighting that not only illuminates but also enhances the beauty of the space. This project stands as a hallmark of our bespoke lighting capabilities. Working closely with the builder and their interior designer, we crafted custom lighting solutions that accentuate the architectural elegance and create a warm, inviting atmosphere. Our bespoke LED strip lighting and LED Neon provide both ambient and task lighting, elevating the living experience to new heights.

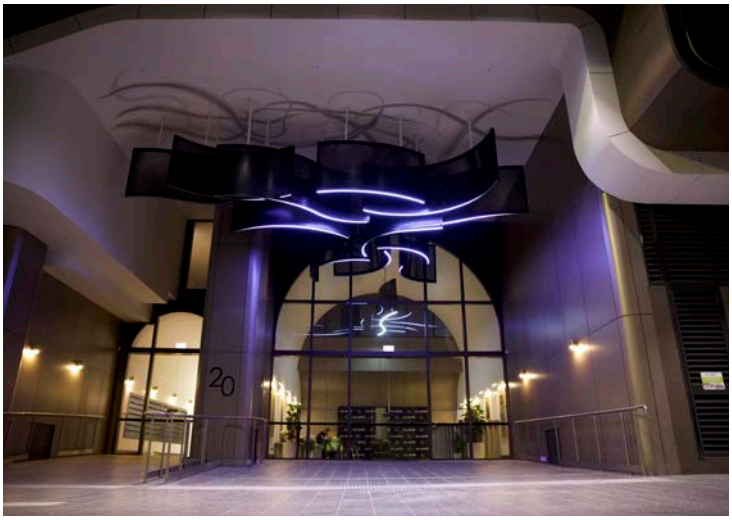
PADSTOW

Urban living demands a blend of style, functionality, and efficiency. The Padstow project is a prime example of our ability to transform contemporary spaces. Utilising our high-quality linear profiles, we achieved a sleek, modern aesthetic that complements the property's design. The custom LED Neon installations add a touch of vibrancy, making the home both functional and visually striking. Each element was meticulously planned and executed to ensure seamless integration and maximum impact.

COMMERCIAL AND RETAIL TRANSFORMATIONS

THE EL JANNAH FRANCHISE

When it comes to commercial spaces, especially in the retail and hospitality sectors, first impressions matter. For the El Jannah franchise, known for its vibrant and inviting dining experience, Flexineon provided a complete signage overhaul. Our team designed and fabricated eye-catching neon signage that not only draws customers in but also enhances the brand's visibility and identity. The project included the installation of energy-efficient LED Neon and custom signage, ensuring long-term cost savings and environmental sustainability. The result is a cohesive and compelling visual experience that resonates with customers and reinforces the brand's market presence.



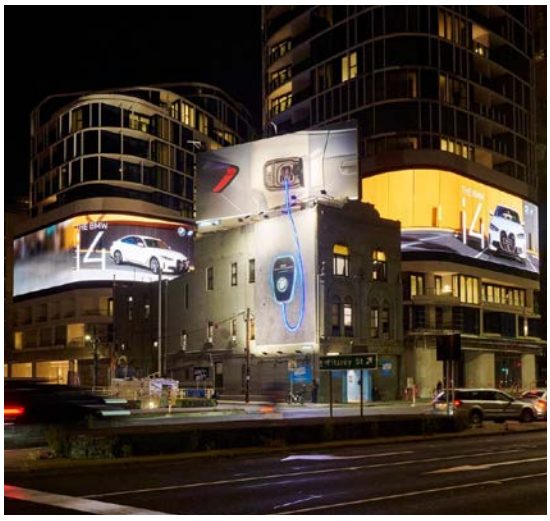
ALAND GROUP DEVELOPMENTS

Flexineon's expertise extends to large-scale commercial developments. Working with the ALAND Group, we provided comprehensive lighting and signage solutions for multiple high-rise projects. From lobby artistic lighting to large-scale exterior signage, our team ensured every aspect was covered with precision and excellence. Our CNC and laser cutting technology played a crucial role in fabricating the intricate designs, while our aluminium welding ensured durability and high-quality finishes. These projects highlight our ability to manage complex requirements and deliver superior results that meet the stringent standards of commercial real estate developers.

INNOVATIVE FABRICATION AND CUSTOM SOLUTIONS

SYDNEY AIRPORT BAY MARKERS

Airports are dynamic environments that require precise and reliable solutions. Flexineon was tasked with designing and fabricating custom bay markers for Sydney Kingsford Smith Airport. This project showcased our capabilities in custom fabrication, CNC, and laser cutting. The markers, made from durable materials and illuminated with our advanced LED lighting systems, ensure clear visibility and guidance for aircraft operations. The project was executed with strict adherence to safety and regulatory standards, underscoring our commitment to quality and reliability in high-stakes environments.



JCDECAUX PROJECTS

At Flexineon, we're proud to illuminate the advertising world with our bespoke neon solutions, tailor-made for high-impact visibility. Our collaborations with JCDecaux have transformed urban landscapes into vibrant canvases, featuring everything from eye-catching billboards to innovative bus shelters. Notably, our neon flex technology brought dynamic brilliance to the Shazam movie blockbuster billboard, capturing attention with its vivid colours and sharp details. Our latest venture, a cutting-edge project for BMW, showcases our expertise in fabricating custom lightboxes and bespoke signage that not only highlights the brand but enhances the aesthetic of any space. With made-to-measure lengths and meticulous designs, Flexineon continues to set the standard in outdoor advertising, making every campaign a landmark.

CREATIVE AND ARTISTIC COLLABORATIONS

RETAIL WINDOW DISPLAYS FOR HIGH-END FASHION BRANDS

In the competitive world of retail, especially within the high-end fashion sector, window displays play a crucial role in attracting and engaging customers. Flexineon partnered with several leading fashion brands to create bespoke window displays that captivate and inspire. Using our custom fabrication skills, we developed unique structures and lighting arrangements that highlight the products and create an immersive shopping experience. The use of LED Neon and strip lights provided dynamic and adaptable lighting solutions, ensuring the displays could be easily updated to reflect seasonal themes and promotions.

HANNAH QUINLIVAN ARTIST

Thrilled to continue our long-standing collaboration with renowned installation artist Hannah Quinlivan, enhancing the dynamic interplay of light and shadow in her captivating art installations. Drawing on the delicate yet powerful medium of LED Neon Flex, Quinlivan's recent project, seamlessly integrates these luminous elements to sculpt immersive environments that explore the fluidity of movement and time. Our made-to-measure LED Neon Flex is specifically tailored to complement her artistic vision, adding a layer of depth and intensity that transforms the viewing experience. Quinlivan's installations, enriched by our customisable lighting solutions, invite viewers into a world where art and light come together into breathtaking expressions of creativity.

FLEXINEON'S VERSATILITY

Lighting Solutions for Every Sector

ANYTIME FITNESS GYMS

Flexineon's versatility is exemplified by our work with Anytime Fitness. The project involved designing and installing energy-efficient lighting solutions across multiple gym locations. Our bespoke LED systems provided optimal illumination for workout areas, creating a motivating and safe environment for gym members. The use of dimmable lighting and advanced control systems allowed for flexibility and energy savings, meeting the client's requirements for both performance and sustainability..

RIZER

Flexineon is proud to light up the event scene with its bespoke neon signage for RIZER, a leader in crafting unforgettable event experiences. Specialising in fabricating vibrant and eye-catching neon signs, we've been lucky enough to be able to set the ambiance for a variety of high-profile RIZER events. From dazzling backdrops to striking stage elements, our custom-designed neon signage not only enhances the visual appeal but also amplifies the overall impact of each event. As seen across various RIZER showcases, our neon creations serve as a focal point, bringing an electric energy that captivates attendees and leaves a lasting impression. Through this partnership, Flexineon continues to redefine the boundaries of event aesthetics, ensuring each occasion shines brighter than the last.

MNR CONSTRUCTIONS

Focusing on sets, brand activation, events, and fitouts, MNR Constructions have a comprehensive partnership with Flexineon, supplying a diverse array of LED lighting solutions that bring projects to life. From robust LED Modules and versatile Neon Flex to elegant Linear Profiles and efficient strip lights, our offerings have been integral in transforming architectural visions into luminous realities. As showcased in MNR Constructions' projects, our lighting technologies not only enhance the aesthetic and functional aspects of their projects but also provide innovative solutions to complex challenges. Whether adapting proposals to meet practical realities or optimising designs for visual impact, Flexineon's commitment to excellence shines through, ensuring that each construction endeavour achieves its brightest potential.

YOUR TRUSTED PARTNER IN LIGHTING & FABRICATION

Why Flexineon is the Ideal Choice for Your Projects

Industry Expertise and Proven Experience

Flexineon boasts a team of highly skilled professionals with extensive experience in the lighting and signage industry. Our expertise spans various sectors, including residential, commercial, retail, and public spaces. We understand the unique challenges and requirements of each project type, ensuring that our solutions are tailored to meet specific needs.

Tailored Design Solutions

Every project is distinct, and so are the solutions we offer. By closely collaborating with developers, we create custom lighting and signage designs that complement the architectural and aesthetic goals of each project, enhancing both form and function.

Advanced Technology and Innovation:

Flexineon leverages cutting-edge technology to deliver innovative lighting solutions. Our advanced manufacturing capabilities, including CNC and laser cutting, aluminium welding, and in-house production, allow us to create intricate and high-quality designs. We also incorporate the latest in LED technology, ensuring energy efficiency and sustainability in all our projects.

State-of-the-Art Technology

Utilising the latest in CNC and laser cutting, aluminium welding, and in-house manufacturing, Flexineon delivers innovative and precise solutions. Our incorporation of advanced LED technology ensures that all our projects are not only high-quality but also energy-efficient and sustainable.

Comprehensive Project Oversight

Flexineon offers full-spectrum project management, from initial design through to final delivery. Our team ensures that every aspect, from budget control to timeline management, is handled with care, allowing you to focus on other critical components of your development.

Commitment to Sustainability

We are committed to delivering sustainable solutions that meet modern environmental standards. Our LED systems are designed to reduce energy consumption, and we use eco-friendly materials and processes in our production to support a greener future.

Ongoing Support and Maintenance

Flexineon's relationship with clients doesn't end at project completion. We provide reliable support and maintenance services to ensure that our installations continue to perform optimally over time, offering peace of mind and long-term value.
